

**DINNER TABLE &
LIFEGROUP LEADERS' DISCUSSION REVIEW**

1. What are the talents and skills that God has given you? Encourage one another in your group by affirming the ways you see each other using their God-given talents and gifts.

2. How do you see God using your gifts for His glory? Are there times in your life where you have used your talents for your own gain?

3. Take time to read Philippians 4:8 as a group. Talk about what it means for you to focus on the things in your life that are “true...noble...right...pure...lovely...admirable...excellent...and praiseworthy.” How are you able to focus on these things in the calling God has given you? Discuss specific ways that you can think about these in your work, family, and free time.

4. Read Romans 12:1-2. How do we offer our whole selves to God as worship? How are you giving “your best” to God? Spend some time in prayer as a group asking God to enable you to use your gifts for His glory and to help you and your group to worship Him more fully with your whole lives.
